### SPECIAL FEATURES

- Capacity**  
 A 21 cubic foot interior gives commercial kitchen teams sufficient frozen storage space within a 27-inch-wide footprint.
- Self-Closing Door**  
 The solid swing door closes automatically and features a 90-degree stay-open function, supporting smooth workflow during food handling in a busy kitchen.
- Adjustable Epoxy Shelves**  
 Three adjustable, epoxy-coated shelves resist corrosion and allow restaurant staff to configure interior storage to suit varying frozen food container sizes.
- EC Fan Motor**  
 The EC fan motor supports consistent air circulation inside the cabinet, helping maintain a stable temperature range of 0°F to -8°F.
- ETL Certified Unit**  
 This reach-in freezer carries both ETL Listed and ETL Sanitation Listed certifications, meeting recognized commercial kitchen safety and sanitation standards.
- 1-Year Warranty**  
 This Frigomax Series unit is backed by a 1-Year Warranty, providing a defined period of coverage for commercial kitchen operators.

## PRODUCT OVERVIEW

The Frigomax Series Reach-In Freezer is a single-door, freestanding unit designed for commercial kitchen environments including restaurants, cafés, and food service operations that require reliable below-zero frozen storage. With a 21 cubic foot capacity and a compact 27-inch width, it fits into kitchens where space is a consideration without sacrificing usable storage volume.

The unit measures 32 1/16" (L) x 27" (W) x 82 1/16" (H) and operates on 115V/60Hz single-phase power, drawing 2.9 amperes through a NEMA 5-15P plug — compatible with standard commercial kitchen outlets. A 1/3 horsepower top-mounted compressor drives the refrigeration system, and electronic temperature control maintains a temperature range of 0°F to -8°F, suitable for long-term frozen food storage.

Inside, three adjustable, epoxy-coated shelves provide organized, corrosion-resistant storage for a range of frozen food items. The solid swing door is right-hinged and features a self-closing mechanism with a 90-degree stay-open function, allowing hands-free access during busy service periods. An EC fan motor supports efficient air circulation throughout the cabinet. The unit includes a keyed door lock and ships with locks and keys included.

Four casters — including caster brakes — allow the unit to be repositioned on the kitchen floor and locked in place once situated. The stainless steel exterior in silver finish is straightforward to clean and maintains its appearance in active food handling environments. This unit carries ETL Listed and ETL Sanitation Listed certifications and is backed by a 1-Year Warranty.
