- ✓ **Included Attachments**
Comes with stainless steel bowl, hook, whip, and beater for multiple food preparation tasks.
- ✓ **Warranty Included**
Includes a 1-year warranty by the manufacturer covering parts and labor.

PRODUCT OVERVIEW

The PrepMaster Series 10 Qt. Commercial Planetary Mixer is designed for bakeries and small cafés for mixing, kneading, and emulsifying tasks in commercial kitchens. It features a 10 qt stainless steel bowl with a 5.5 lb dough capacity and a single bowl configuration. The mixer includes three planetary speeds—106, 180, and 387 RPM—for versatile mixing performance.

Constructed from painted cast iron in a white and silver finish, it provides durability and stability during heavy use. Overall dimensions are 20.9" (L) x 16.5" (W) x 29.5" (H), and the unit weighs 154 lb, offering a solid base for consistent mixing results.

This electric mixer operates on 110 V, 6 A with 600 W wattage and a 0.7 HP gear-driven motor. It includes heavy-duty, abrasion-resistant transmission for reliable performance. The mixer comes with stainless steel bowl, hook, whip, and beater for multiple food preparation applications.

Safety and control features include variable speed control for precise operation. The mixer is ETL Sanitation Listed, cETLus Listed, and NSF Certified for commercial use and includes a 1-year warranty by the manufacturer covering parts and labor.
