SPECIAL FEATURES

- ✓ **Full Height Storage**
Full-size configuration supports 16-pan capacity for structured sheet pan storage in commercial kitchen operations.
- ✓ **NSF Certified**
NSF Certified design supports commercial kitchen food safety and hygiene compliance requirements.
- ✓ **Reach-In Compatibility**
Designed for use in reach-in refrigerators and freezers in commercial kitchen environments.
- ✓ **Aluminum Build**
Constructed with aluminum material and 16 gauge aluminum tubing frame used in reach-in refrigeration systems.
- ✓ **Load Capacity**
480 lbs total loading capacity with 30 lbs per shelf supports organized storage of bakery and prep items.
- ✓ **Warranty Support**
It includes a 1-year warranty by the manufacturer for manufacturing coverage.

PRODUCT OVERVIEW

The ProKitchen Series Sheet Pan Rack for Reach-Ins is a commercial kitchen storage rack designed for bakeries, hotels, and food preparation areas. It is used with reach-in refrigerators and freezers for organized sheet pan handling in structured kitchen workflows.

The rack is constructed from aluminum with a 16 gauge aluminum tubing frame. It features a tubular frame design with cylindrical connection bars, supporting structural stability in commercial kitchen environments. Safety finished edges are included for handling during loading and unloading.

This full-size rack has dimensions of 20.25" (L) x 24" (W) x 51" (H). It supports 18" x 26" or 18" x 12" sheet pans with a 16-pan capacity and a total loading capacity of 480 lbs, with 30 lbs capacity per shelf for controlled storage distribution.

It features open sides, curved top style, and 3 in shelf spacing. The structure includes 1" x 1" tubing size and 16 gauge aluminum angle slides positioned 1" x 1 1/2" on 3" centers. It includes a 1-year warranty by the manufacturer.
