WARRANTY
1 Year Warranty

SPECIAL FEATURES

- Broad Temp Coverage**
 A refrigeration range of 32 to 44.6°F accommodates a variety of chilled bakery and deli items on a single display line.
- Hands-Free Defrost**
 Automatic defrost eliminates the need for staff to manually intervene, keeping the cabinet operating consistently during service hours.
- Certified for Food Service**
 ETL Listed, ETL Sanitation Listed, and DOE 2017 Compliant certifications confirm the case meets established food safety and energy standards for commercial use.
- Low Energy Draw**
 At 320 watts and 2.7 amperes on a standard 110V circuit, this case integrates into most existing commercial kitchen electrical panels without dedicated wiring.
- Clear Merchandising View**
 The curved glass front and sliding glass doors give customers an unobstructed view of displayed items from the sales floor side.
- Covered for a Full**
 The included 1-year warranty provides a defined service period for a busy restaurant or bakery investing in front-of-house display equipment.

PRODUCT OVERVIEW

The Frigomax Series 36" curved glass bakery display case is a freestanding dry and refrigerated merchandiser designed for bakeries, cafes, delis, and restaurants that display both ambient and chilled baked goods to customers.

Built as a gravity coil deli case, this unit maintains a temperature range of 32 to 44.6 degrees Fahrenheit using an automatic defrost cycle and R-290 refrigerant, a low-GWP choice suited to modern commercial kitchen requirements. The 11.6 cubic foot interior provides space for trays, pastries, and packaged items across multiple display levels.

The curved glass front and sliding glass doors offer a clear view of displayed items while allowing staff to access product quickly from behind the counter. The stainless steel construction supports routine cleaning in food handling environments. At 36.2 inches wide, 33.5 inches deep, and 47.2 inches tall, the case fits into standard front-of-house counter arrangements without major floor space modifications.

Operating at 110V, 60Hz, and drawing 320 watts at 2.7 amperes, the unit works with standard commercial kitchen electrical setups. LED lighting illuminates the interior display area. The case carries ETL Listed, ETL Sanitation Listed, and DOE 2017 Compliant certifications. A 1-year warranty is included with each unit.
