24" charbroiler top supports grilling applications in commercial kitchen cooking stations.

✓ **Integrated Oven System**
Single oven with 33,000 BTU output supports baking and roasting tasks in restaurant kitchens.

✓ **Stainless Steel Build**
Welded stainless steel construction supports durability in commercial kitchen environments.
- ✓ **High BTU Output**
Two burners provide 35,000 BTU each for high-temperature cooking operations.

✓ **LP Conversion Kit**
Liquid propane configuration includes an LP conversion kit for installation flexibility.

✓ **Certified Construction**
CSA Certified, cCSAus Listed, and CSA Sanitation Listed with a 1-year parts & labor warranty.

PRODUCT OVERVIEW

The ProKitchen Series Gas Range with Charbroiler Top & Oven is designed for restaurants, catering kitchens, and commercial kitchen cooking stations. Constructed in stainless steel with a freestanding installation type, the unit measures 24" (W) x 32" (D) x 59" (H). The system operates on liquid propane gas with an included LP conversion kit and a 3/4" gas inlet group.

This gas range includes 2 burners with 35,000 BTU output each, supporting high-heat cooking in commercial kitchen environments. A 24" charbroiler surface supports grilling applications for meats and vegetables in foodservice operations.

The unit includes 1 standard oven with 33,000 BTU output. The oven interior measures 20.1" (W) x 22.4" (D) x 13.8" (H) and features porcelain-coated bottom and side guides. The oven temperature range is 200°F to 500°F with manual control and a static oven configuration.

Construction includes a welded frame, cool-to-the-touch front stainless steel deck, stainless steel back riser with lift-off shelf, aeration bowl, and full-width pull-out crumb tray. The unit is supported by 4 casters (2 with brakes and 2 without brakes). It is CSA Certified, cCSAus Listed, and CSA Sanitation Listed, and includes a 1-year parts & labor warranty.
