10-Year Panel, 1 Year
Door Parts

SPECIAL FEATURES

- ✓ **Commercial-Grade Durability**
Built from 24-gauge white galvanized steel for durable, corrosion-resistant panels that last in busy commercial environments.

✓ **Efficient Temperature Retention**
4-inch polyurethane insulation with R-28 thermal resistance keeps your contents stable and safe.

✓ **Certified Compliance**
UL Listed US, NSF Listed, and DOE certified for safety, quality, and energy efficiency.

✓ **Reliable Warranty Coverage**
Backed by a 10-year panel warranty and 1-year door parts warranty for dependable performance over time.
- ✓ **Precise Panel Fit**
Modular cam-lock and tongue & groove design reduces air gaps, maintaining consistent internal temperatures for reliable cold storage.

✓ **Secure Access Control**
Solid swing door with keyed lock, self-closing, and flush-mounted design protects contents while allowing smooth operation.

✓ **Flexible Installation**
Designed without a floor, enabling versatile installation in a variety of facility layouts.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler Box is ideal for commercial kitchens, food storage facilities, and operations requiring reliable cold containment. Made in America and constructed from white galvanized steel with 24-gauge thickness, it measures at 10 ft (W) x 10 ft (D) x 7 ft (H). Modular cam-lock and tongue & groove panels allow precise assembly, reducing air gaps and maintaining consistent internal temperatures for safe and efficient storage.

The commercial cooler box features 4-inch thick polyurethane insulation with R-28 thermal resistance to support effective temperature retention. Its CFC and HFC-free insulation material reduces environmental impact. Certified UL Listed US, NSF Listed, and DOE compliant, it meets key quality, safety, and energy standards. The solid swing door, with a height of 77 inches, provides repeated access while maintaining interior cooling efficiency during frequent use.

This walk-in cooler box includes a self-closing, flush-mounted door with a keyed lock for secure and controlled access. Operated via a hardwired plug type and designed without a floor for flexible installation, it comes with one solid door. The unit is backed by a 10-year panel warranty and a 1-year parts warranty on doors, offering long-term durability and consistent cold storage performance.
