**WARRANTY**

**SPECIAL FEATURES**

- ✓ **Rack Compatibility**  
The cover is designed for a single 20-layer pan/bun rack used in commercial kitchen operations.

✓ **Protective Design**  
The cover features waterproof and oil-resistant protection for food handling environments.

✓ **Secure Closure**  
The zipper closure supports opening and closing during storage and transport.
- ✓ **High-Density PVC**  
The high-density PVC construction is specified for pan and bun rack covering applications.

✓ **Translucent Finish**  
The clear translucent design provides visibility of stored pans and racks.

✓ **Lightweight Design**  
The 1.1 lb construction supports handling in restaurants, bakeries, and catering operations.

## PRODUCT OVERVIEW

The ChefPro Series pan bun rack cover is suitable for restaurants, bakeries, catering operations, and other commercial kitchen food handling areas. It is made of clear PVC and measures 23" (L) x 28" (W) x 64" (H). The cover is compatible with a single 20-layer pan/bun rack.

The cover features high-density PVC construction with a translucent design for visibility of stored racks. It also includes waterproof and oil-resistant protection as specified.

A zipper closure is included for opening and closing the cover during food storage and transport. The clear finish and fitted design match the listed specifications for commercial kitchen pan and bun rack applications.

The ChefPro Series pan bun rack cover weighs 1.1 lb and is designed for use with a single 20-layer pan/bun rack. The high-density PVC construction and zipper closure match the listed specifications for commercial kitchen use.
