1 Year Warranty

SPECIAL FEATURES

- Checkout-Ready Size**
 The 19.7" x 19.7" footprint fits directly on or beside a checkout counter, freeing valuable floor space in convenience stores and small commercial kitchen service areas.
- Low-GWP Refrigerant**
 R290 refrigerant is used in place of higher-impact alternatives, aligning with DOE Compliant energy standards required for commercial kitchen equipment in many jurisdictions.
- Certified for Commercial Use**
 ETL Listed and ETL Sanitation Listed certifications confirm the unit meets recognized safety and food-handling standards for commercial kitchen and retail food service environments.
- High Can Capacity**
 The 4.6 cu ft interior accommodates up to 72 standard 12 oz canned beverages, supporting restocking intervals suitable for busy counter service locations.
- Open-Air Access**
 The air curtain cooling design removes the need for a door, allowing customers to reach beverages quickly without interrupting service flow at the counter.
- Covered After Purchase**
 A 1-year warranty is included with each unit, providing a defined service period following installation in a restaurant, convenience store, or similar setting.

PRODUCT OVERVIEW

The Frigomax Series Vertical Air Curtain Merchandiser is a compact, freestanding cold display unit designed for checkout counters, convenience stores, and small-format commercial kitchen or retail environments where floor space is limited.

With a 4.6 cubic foot interior, the unit holds up to 72 standard 12 oz canned beverages, making it a practical fit for high-turnover impulse-buy locations. Its mini footprint of 19.7" (L) x 19.7" (W) x 53.3" (H) fits comfortably at a point-of-sale counter without obstructing customer flow.

The merchandiser operates on 110V/60Hz power, drawing 9.4 amps at 500 watts, and uses R290 refrigerant a low global-warming-potential refrigerant consistent with DOE Compliant equipment standards. The temperature range of 30°F to 45°F keeps canned beverages and grab-and-go items at consistent serving temperature throughout the operating day.

Adjustable leg levelers allow stable placement on uneven surfaces, and the air curtain cooling design keeps product accessible without a door, supporting faster customer self-service. The unit carries ETL Listed, ETL Sanitation Listed, and DOE Compliant certifications, and is backed by a 1-year warranty.
