PRODUCT OVERVIEW

The ProKitchen Series Enclosed Base Worktable is a commercial kitchen preparation unit designed for restaurants, hotels, and food service operations requiring enclosed storage with a stainless steel work surface. It is constructed with 304 stainless steel material in a silver finish, supporting food preparation and storage functions in commercial kitchen environments.

The unit measures 36 in (L) x 24 in (D) x 34 in (H) and features a flat top work surface made from 18 gauge 304 stainless steel. It is designed with four stainless steel legs and stainless steel bullet feet for structured placement in commercial kitchen layouts.

It includes an enclosed base with two sliding solid doors made from 304 stainless steel. The design features removable sliding doors, removable side and back panels, and a stainless steel hat channel for structural support within the base section.

The undershelf is constructed with 304 stainless steel and aluminum die cast clamp, with an undershelf capacity of 380 lb. The topshelf supports a capacity of 500 lb. It is NSF Listed, supplied as 1/Each, and includes a 1-year warranty for commercial kitchen worktable applications.
