Three adjustable shelves support flexible storage arrangement using included split sleeves.
- ✓ **NSF Approved**
NSF Approved construction aligns with commercial kitchen and food storage standards.
- ✓ **Warranty Coverage**
It includes a 1-year limited replacement warranty by the manufacturer.

PRODUCT OVERVIEW

The ChefPro Series Chrome 3-Shelf Kit is designed for commercial kitchens, stock rooms, retail storage areas, garages, and warehouse environments. It features a wire shelving structure with chrome finish and a 4-post design for organized storage applications. The unit is NSF Approved for listed commercial storage use.

The shelving kit includes three adjustable shelves constructed from steel with a chrome finish. Each shelf supports airflow through its wire design, making it suitable for dry storage environments in commercial kitchen and food service operations. The capacity is suitable for general storage and organized equipment placement.

The unit measures 24" (L) x 24" (W) x 34" (H) with a compact square footprint for storage layouts. It includes 1" post diameter construction with four posts for structural support. The adjustable design supports multiple shelf positioning using split sleeves.

The ChefPro Series shelving kit includes 12 pairs of split sleeves for assembly and adjustment. It has a total weight capacity of 1800 lbs with a per-shelf capacity of 600 lbs. The unit includes a 1-year limited replacement warranty by the manufacturer.
