WARRANTY

1 Year Warranty

SPECIAL FEATURES

- 24-Pan Mega Top**
 The mega top rail holds up to 24 one-sixth size pans, giving prep staff immediate access to a wide variety of ingredients during service.
- EC Fan Motor**
 The EC fan motor provides efficient and consistent airflow within the 17.8 cubic foot cabinet, maintaining the 33°F to 41°F temperature range throughout operation.
- Heavy-Duty Casters**
 Four heavy-duty casters with brakes allow the unit to be moved for cleaning or repositioned within the kitchen, then locked securely in place during service.
- Self-Closing Doors**
 Self-closing doors with a 90-degree stay-open feature allow hands-free cabinet access while supporting consistent cold retention between uses.
- ETL Certified**
 This prep table is both ETL Listed and ETL Sanitation Listed, confirming it meets established safety and sanitation requirements for commercial food service environments.
- 1-Year Warranty**
 This unit is backed by a 1-year warranty, providing documented coverage for commercial kitchen operators following purchase.

PRODUCT OVERVIEW

The Frigomax Series Mega Top Sandwich and Salad Prep Table is a freestanding refrigerated prep station designed for commercial kitchens, sandwich counters, and salad bars that require organized, accessible cold storage during active service periods. With a 2-door configuration and mega top rail, this unit accommodates up to 24 one-sixth size pans, keeping ingredients within arm's reach for line cooks and prep staff throughout the day.

This unit maintains 33°F–41°F, supported by a 1/4 HP compressor drawing 2.1A at 115V/60Hz single-phase via a standard NEMA 5-15P plug. Its 17.8 cu. ft. interior is organized across two epoxy-coated adjustable shelves for flexible container sizing. Electronic controls allow straightforward temperature management, while the EC fan motor ensures efficient, consistent airflow throughout the cabinet.

A practical feature of this prep table is that the evaporation fan stops working when the door is open, helping maintain the cabinet's internal environment during loading and unloading. The self-closing doors with a 90-degree stay-open feature allow hands-free access when needed, making food handling more manageable during busy service. Cutting boards and pans are available as optional accessories, allowing kitchens to build out a complete prep station configuration suited to their workflow.

The cabinet is constructed from stainless steel in a silver finish and measures 60 1/4" (L) x 34" (W) x 42 5/8" (H), fitting into a standard commercial kitchen line. Four heavy-duty casters with brakes support mobility and stability, allowing the unit to be repositioned for cleaning or kitchen reconfiguration. This unit is ETL Listed and ETL Sanitation Listed, meeting recognized food service safety and sanitation standards, and is backed by a 1-year warranty.
