SPECIAL FEATURES

- Open Display Cooling**
Vertical air curtain design supports open chilled display for commercial retail and foodservice environments.
- Adjustable Shelving**
Four adjustable shelves support organized food and beverage display in commercial settings.
- Mobility and Stability**
Casters and adjustable leveling feet are integrated into the freestanding design for placement flexibility.
- Digital Temperature Control**
Digital thermostat and temperature control system manage refrigeration between 30.2°F and 44.6°F.
- LED Shelf Lighting**
LED lighting per shelf supports product visibility in retail and merchandising applications.
- Certified Refrigeration System**
The unit is certified to cETLus, ETL Sanitation, and NSF standards and includes a 1-year parts and labor warranty by the manufacturer with a 5-year compressor warranty.

PRODUCT OVERVIEW

The ProKitchen Series Vertical Air Curtain Merchandiser is designed for commercial kitchens, supermarkets, and food retail environments requiring chilled open-display storage. It operates as a refrigerated unit with a 1 HP air-cooled system using R-290 refrigerant and maintains a temperature range of 30.2°F to 44.6°F. The unit is built with painted steel exterior and interior construction in black finish. Its dimensions are 51.6" (W) x 27.6" (D) x 78.7" (H).

The ProKitchen Series Vertical Air Curtain Merchandiser operates on 115 V, single-phase power at 60 Hz with a current draw of 15.54 A. It uses a NEMA 5-20P plug and includes a 45-inch power cord. Digital temperature control and a digital thermostat are integrated for refrigeration management. The freestanding design includes adjustable leveling feet and casters with a 1.2-inch size.

The ProKitchen Series Vertical Air Curtain Merchandiser includes 4 adjustable shelves with LED lighting per shelf and shelf tag holders for display organization. A night curtain is integrated into the design, along with a finned evaporator and automatic defrost system. Foamed-in-place polyurethane insulation supports temperature retention within the refrigerated cabinet.

The ProKitchen Series Vertical Air Curtain Merchandiser provides a 18 cb3 capacity with an interior height of 44.6 inches, width of 49.2 inches, and depth of 17.8 inches. It is designed for food retail presentation in commercial environments. The unit is certified to cETLus, ETL Sanitation, and NSF standards and includes a 1-year parts and labor warranty by the manufacturer and a 5-year compressor warranty.
