- **Refrigeration Usage**
  Specified for refrigerators and freezers used in commercial kitchen food storage.
- **Brand Compatibility**
  Manufactured by Medal Equipment for matching replacement parts.
- **Door Switch Type**
  Listed as a door switch for door-related control functions in equipment.
- **Single Unit Supply**
  Provided as one unit for servicing and replacement needs.
- **Limited Warranty**
  Includes a 1-year limited warranty by the manufacturer as stated.

PRODUCT OVERVIEW

The Medal Equipment door switch is intended for refrigerators and freezers used in commercial kitchen environments such as restaurants, cafés, and food storage areas. Classified as a door switch, it functions as a control component linked to door operation. The part suits routine replacement and servicing of refrigeration equipment.

This unit is finished in gray, providing a neutral appearance that aligns with standard electrical and internal hardware used on refrigeration systems. The specified color supports clear identification during installation. The switch integrates with compatible refrigerator and freezer assemblies in food handling spaces.

The door switch type is listed specifically as a door switch, defining its role within the equipment's door control circuit. It is intended for use with refrigerators and freezers as stated in the usage details. The configuration aligns with common service parts used in commercial kitchen cold storage equipment.

Manufactured by Medal Equipment, this door switch is supplied as a single unit for direct installation or replacement. It is designed for use in commercial kitchen refrigeration settings. It includes a 1-year limited warranty by the manufacturer, providing stated coverage for the defined period.
