- ✓ **Smooth Edge Finish**
Smooth folded edge style provides a finished surface along wall corners in restaurant settings.
- ✓ **Warranty Coverage**
It includes a 1-year limited warranty by the manufacturer.

PRODUCT OVERVIEW

The ChefPro Series wall corner guard is designed for commercial kitchen wall protection and edge coverage in food handling areas. This unit includes 8 pieces per pack, supporting installation across multiple wall sections in restaurant environments. The 90° corner angle design aligns with standard wall edges used in commercial kitchen layouts.

Constructed from stainless steel with a silver finish, the guards support use in high-traffic kitchen spaces. The pointed corner shape is combined with a smooth folded edge style, providing a consistent surface along exposed wall edges. These features are suited for areas where surface contact occurs during daily operations.

Each guard measures 49.61" (L) x 3.15" (W) x 3.15" (H), with an individual guard size of 2" x 2" x 48". These dimensions support vertical wall edge coverage in food service environments. The full pack has a total weight of 12.4 lb, reflecting the combined structure of all included pieces.

This unit is categorized as a wall corner guard and is supplied as 1 pack. It includes safety and impact protection features suited for commercial kitchen use. It includes a 1-year limited warranty by the manufacturer.
