**10-Year Panel, 1 Year
Door Parts**

SPECIAL FEATURES

- ✓ **Durable Construction**
24-gauge white galvanized steel construction, this cooler provides strong structural support and corrosion resistance for long-term use.
- ✓ **High Thermal Efficiency**
4-inch polyurethane insulation with R-28 thermal resistance keeps interior temperatures stable for reliable cold storage.
- ✓ **Certified Quality**
UL Listed US, NSF Listed, and DOE certified for safety, hygiene, and energy efficiency.
- ✓ **Extended Warranty Coverage**
10-year panel warranty and 1-year parts warranty on doors offer long-term protection and dependable performance.
- ✓ **Secure Access Control**
Solid swing door with a keyed lock, self-closing, and flush-mounted design offers safe, convenient, and hands-free operation.
- ✓ **Eco-Friendly Design**
CFC and HFC-free insulation supports environmentally responsible operation.
- ✓ **Sturdy Flooring**
Floor provides durable support and simplifies cleaning for frequent heavy-use storage.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler Box is a refrigeration unit ideal for commercial cold storage, suitable for restaurants, cafes, and food service operations. Constructed from 24-gauge white galvanized steel, it provides durable structural strength. Manufactured in America, it features 4-inch polyurethane insulation with R-28 thermal resistance, while the floor adds durability and simplifies cleaning for frequent heavy-use storage.

This commercial walk-in cooler box includes a solid swing door with a keyed lock and a self-closing, flush-mounted design for secure and efficient access. The modular cam-lock and tongue & groove panels create a tight seal to reduce air leakage and maintain cooling efficiency. The unit offers nominal dimensions of 10 ft (W) x 12 ft (D) x 7 ft (H) with a door height of 77 inches, providing ample storage space while enabling easy handling of bulk items.

It is built with CFC and HFC-free insulation for environmentally conscious operation. It is UL Listed US, NSF Listed, and DOE compliant, meeting safety and energy standards. Hardwired for stable electrical connection, it comes with a 10-year panel warranty and 1-year parts warranty on doors, providing long-term reliable performance.
