1 Year Warranty

SPECIAL FEATURES

- ✓ **Push Back Operation**
Push back style supports controlled water dispensing in commercial kitchen and bar environments.

✓ **Compact Deck Mount**
Deck mounted installation supports placement in commercial kitchen counters and bar stations.

✓ **NSF Certified Unit**
NSF certification aligns with sanitation standards required in commercial kitchen use.
- ✓ **Standard Flow Rate**
Flow rate of 1.2 GPM aligns with measured water usage in food handling operations.

✓ **Integrated Faucet Design**
Includes 1 faucet with 1/2" inlet and NPT thread type for standard plumbing connection.

✓ **Warranty Coverage**
It includes a 1-year warranty by the manufacturer, defining coverage for commercial kitchen use.

PRODUCT OVERVIEW

The ChefPro Series Glass Filler / Water Station is designed for commercial kitchen and bar setups requiring quick water access for glass filling. It features stainless steel construction with a silver finish, supporting structured food handling environments. The unit measures 12.68" (L) x 10.75" (W) x 1.75" (H), aligning with deck mounted installation. It includes a single faucet with a 1/2" water inlet size and NPT thread type for standard connection.

This unit is constructed with 18 gauge stainless steel, supporting durability in commercial kitchen use. It includes a push back style operation, supporting controlled water flow during use. The flow rate is rated at 1.2 GPM, aligning with measured water dispensing requirements in restaurant and bar environments.

The glass filler features a spout length of 3.87" with an 8" spout clearance, supporting placement of various glass sizes. The faucet height is 9.62", aligning with structured filling operations. The bowl measures 10.18" (left to right) x 4.68" (front to back) x 1.75" (depth), with a 1 1/2" drain outlet size for water drainage.

This unit is NSF certified, aligning with sanitation standards required in commercial kitchen and beverage service areas. It includes the faucet within the unit and is designed as a water station for organized use. It includes a 1-year warranty by the manufacturer, defining coverage terms for commercial kitchen applications.
