PRODUCT OVERVIEW

The ChillCore Series Refrigerated Display Case is a freestanding open air / refrigerated unit designed for commercial kitchens, bakeries, cafés, and food retail environments. It operates on 115 V, 1 phase, 60 Hz with an 11.4 A electrical load and uses ventilated cooling for stable air circulation across the display chamber.

The body is constructed using powder coated steel and glass in a black finish with double tempered glass at two sides. It features a curved design measuring 47.2" (W) x 33.2" (D) x 45.9" (H), suitable for commercial floor-based food display installations. The interior uses mirror stainless steel 304 for structured product placement and durability.

Temperature is maintained between 35.6°F and 50°F through a digital temperature controller with display. The system includes automatic defrost and automatic condensate evaporation, supporting continuous refrigerated operation in food service environments.

This unit includes LED lighting positioned at the top and under the shelf for display visibility. It is supported by 4 casters with 2 brakes and 2 adjustable feet for movement, positioning, and leveling. The display case is cETLus Listed, ETL Sanitation Listed, and NSF Certified and includes a 1-year warranty by the manufacturer.
