WARRANTY

1 Year Limited Warranty

SPECIAL FEATURES

- **Stainless Steel Body**
  Stainless steel material supports regular cleaning and daily use in commercial kitchen environments.
- **Silver Finish**
  Silver color aligns with stainless steel equipment for a consistent appearance in food handling areas.
- **Door Hinge Type**
  Defined as a door hinge for mounting or replacing door hardware on compatible units.
- **Up-Right Orientation**
  Up-right hinge type matches doors that open toward the upper right on Rreap Tables.
- **Table Application**
  Specified for use with Rreap Tables in restaurant and catering setups.
- **Limited Warranty**
  Includes a 1-year limited warranty by the manufacturer for documented coverage.

PRODUCT OVERVIEW

The Medal Equipment door hinge is designed for Rreap Tables used in commercial kitchen environments such as restaurants, catering areas, and food preparation stations. It functions as a door hinge type component for mounting or replacing doors on compatible table equipment. The structure supports routine opening and closing during daily food handling activities.

This hinge is constructed from stainless steel, providing a rigid and stable body suited to repeated use and scheduled cleaning. The material aligns with common commercial kitchen sanitation practices and hardware standards. The silver color matches stainless steel prep equipment, maintaining a consistent and neutral appearance across installed units.

The hinge features an up-right hinge type, indicating the door opens toward the upper right side when installed. This orientation supports proper positioning on Rreap Tables designed for this swing direction. The defined hinge type assists technicians during installation, servicing, and replacement tasks in active kitchen workflows.

Manufactured by Medal Equipment, this component serves as a replacement or fitting part for compatible commercial kitchen equipment. It is supplied as a single unit for direct installation where specified. It includes a 1-year limited warranty by the manufacturer, providing stated coverage for the specified service period.
