- ✓ **Power Ready**
Operates on 115 V, 60 Hz, single-phase power, drawing 2.88 A, with NEMA 5-15P plug.
- ✓ **Warranty Coverage**
1-year parts and labor warranty and 1-year compressor warranty for dependable use.

PRODUCT OVERVIEW

The IceVault Series IVBBC48 Back Bar Cooler is a commercial refrigeration solution ideal for bars, restaurants, and catering operations. Constructed from vinyl-coated steel with a black finish and stainless steel interior, this freestanding cooler offers long-lasting durability. It features 2 sliding glass doors with a keyed lock for secure storage and self-closing functionality to maintain optimal internal temperatures.

The unit offers 11 cu. ft. of storage capacity, supporting efficient beverage and ingredient organization. Powered by a 3/7 HP compressor with R290 refrigerant, this commercial back bar cooler maintains a temperature range of 33°F to 40°F. It operates on 115 V, 60 Hz, single-phase power, drawing 2.88 amps, and connects via a NEMA 5-15P plug. Four adjustable PVC-coated shelves allow flexible storage configurations. The LED lighting provides clear visibility of contents.

This sliding glass door cooler measures 48.8" (W) x 24.4" (D) x 35.6" (H) for easy installation in limited spaces. It is ETL Listed and ETL Sanitation Listed, meeting commercial safety and hygiene standards. It comes with a 1-year parts and labor warranty and a 1-year compressor warranty.
