- ✓ **Static Cooling System**  
Static cooling system with continuous evaporator supports chilled storage performance.
- ✓ **Warranty Coverage**  
It includes a 1-year parts and labor warranty by the manufacturer.

## PRODUCT OVERVIEW

The ProKitchen Series Refrigerated Salad Bar is designed for pizza shops, restaurants, and commercial kitchen foodservice establishments. Constructed from stainless steel and glass in a silver finish, the countertop unit features a four-compartment pan layout with a glass topping rail and removable flat glass cover. The design supports chilled ingredient display and service operations in commercial environments.

The unit measures 47.2" (W) x 15.5" (D) x 17.3" (H). It accommodates four 1/3-size pans with a 6-inch pan depth. The interior dimensions include 33.5" width, 12.2" depth, and 6.5" height, providing organized storage space for cold food items used in food preparation and service.

This refrigerated salad bar operates on 115 V, 60 Hz, single-phase power and uses a 60-inch power cord with a NEMA 5-15P plug. It features a self-contained refrigeration system using R600a refrigerant with a static cooling system and continuous evaporator. The temperature range is 33°F to 41°F with digital temperature control and display.

The unit includes a removable glass cover, sneeze guard, removable dividers, and plastic non-scratch feet for placement on countertops. It is cETLus Listed, ETL Sanitation Listed, and certified to NSF standards. The unit includes a 1-year parts and labor warranty by the manufacturer.
