- ✓ Extended Warranty**
 It includes a 3-year limited replacement warranty by the manufacturer.

PRODUCT OVERVIEW

The ChefPro Series Glass Filler Station is designed for restaurants, cafés, bars, and other commercial kitchen beverage stations. It features a deck-mounted stainless steel construction with an 18-gauge design. The station includes one glass filler faucet with a push-back style for beverage service applications.

The intuitive lever design provides simple operation during beverage preparation. It includes a 1/2" water inlet with NPT threads and a 1 1/2" IPS drain connection with a 1.5" drain outlet size. The glass filler delivers a flow rate of 1.2 GPM for water dispensing.

The glass filler station measures 1.75" (L) x 10.75" (W) x 12.69" (H). It features a 3.88" spout length, 10" spout clearance, and a 12" faucet height. The bowl measures 10.19" left to right and 4.69" front to back for collecting excess water.

The ChefPro Series Glass Filler Station includes one faucet and is NSF Certified and cCSAus Listed. The stainless steel construction is suitable for commercial kitchen beverage areas. It includes a 3-year limited replacement warranty by the manufacturer.
