PRODUCT OVERVIEW

The PolarBox Series 6' x 8' Walk-In Freezer Box is designed for commercial kitchens, catering services, and foodservice operations requiring dependable cold storage. Made in America, it is built from 24-gauge white galvanized steel panels with an floor, offering strength, corrosion resistance, and a stable foundation for heavy-duty use.

Measuring 6 ft (W) × 8 ft (D) × 7 ft (H), this freezer box provides ample interior space. Its 4-inch polyurethane insulation with R-33 thermal resistance maintains consistently frozen contents, while the solid swing door 77 inches tall, with keyed lock, self-closing, flush-mounted design, heating wire, and pressure relief vent keeps interior temperatures stable and access secure.

Modular cam-lock and tongue & groove panels create a precise seal that minimizes air leakage and simplifies assembly. All panels use CFC and HFC-free insulation for environmentally responsible operation. Hardwired power provides reliable electricity for consistent freezing performance.

Certified by UL, NSF, and DOE, the unit meets strict safety and sanitation standards. Backed by a 10-year panel warranty and 1-year door parts warranty, the PolarBox Walk-In Freezer Box delivers long-term reliability for busy commercial kitchens.
