- ✓ Tight Seal**
 Modular cam-lock and tongue-and-groove panels create a stable, airtight structure.
- ✓ Hardwired Power**
 Stable connection provides reliable performance in any commercial setup.
- ✓ Long-Term Support**
 10-year panel coverage and 1-year door parts warranty for reliable operation.

PRODUCT OVERVIEW

The PolarBox Series 8' x 10' Walk-In Cooler Box is an American-made refrigeration unit designed for commercial cold storage in restaurants, catering, and foodservice operations. Constructed from 24-gauge white galvanized steel with an floor, it offers long-lasting strength and corrosion resistance.

With overall dimensions of 8 ft (W) × 10 ft (D) × 7 ft (H), this commercial walk-in cooler box provides generous interior space for efficient storage. Four inches of polyurethane insulation with R-28 thermal resistance ensures consistent, low-temperature retention for reliable food preservation.

A solid swing door features a keyed lock, self-closing, flush-mounted design, heating wire, and pressure relief vent for secure, efficient access. Modular cam-lock and tongue-and-groove panels create a tight, airtight seal for optimal cooling performance.

Built with CFC- and HFC-free insulation, the unit supports environmentally responsible operation. Certified UL Listed US, NSF Listed, and DOE compliant, it meets strict commercial safety and sanitation standards. Hardwired for stable power, the cooler box comes with a 10-year panel warranty and 1-year door parts coverage, ensuring long-term dependable operation.
