WARRANTY

Parts & Labor: 2 Years

Compressor: 6 Years

SPECIAL FEATURES

- Wide Temperature Range**
 The -8°F to 0°F temperature range supports frozen food storage using electronic temperature control in a commercial kitchen.
- High Shelf Load Rating**
 Each epoxy-coated steel wire shelf supports up to 150 lbs for organized storage of frozen items.
- Certified Commercial Standards**
 ETL sanitation, cETLus, NSF, and DOE certifications align with safety and operational standards in commercial kitchens.
- Stainless Steel Build**
 Stainless steel interior and exterior with silver finish supports commercial kitchen food storage applications.
- Digital Controls**
 Electronic temperature control operates on 115 V, 1 Phase, and 60 Hz electrical connection.
- Large Storage Capacity**
 The 72 cu.ft interior with 12 shelves supports high-volume frozen storage for restaurant and foodservice operations.
- Clear Product Visibility**
 Glass swing doors combined with LED lighting support visibility for freezer merchandising and inventory checks.
- Extended Warranty Coverage**
 It includes a 2-year warranty on parts and labor and a 6-year warranty on the compressor by the manufacturer.
- Ventilated Cooling**
 Ventilated cooling system includes a high performance compressor and anti-corrosion coated copper coil evaporator.
- Shelf Capacity**
 Epoxy coated steel wire shelves support up to 150 lbs per shelf for frozen food organization.

PRODUCT OVERVIEW

The Platinum Frost Series commercial reach in freezer merchandiser is designed for restaurants, cafés, and foodservice operations requiring large-volume frozen storage and display in a commercial kitchen. It supports organized storage of frozen foods for back-of-house and front-of-house use.

Constructed with a stainless steel exterior and interior in a silver finish, the unit features three swing glass doors with left and right hinge configuration. LED interior lighting supports clear visibility of stored items, while the freestanding design suits commercial kitchen layouts.

The freezer provides a 72 cu.ft capacity and operates within a temperature range of -8°F to 0°F using an electronic temperature control system. It measures 81.9" (W) x 31.5" (D) x 83.3" (H) and includes 12 epoxy-coated steel wire shelves, each rated for 150 lbs.

It operates on 115 V, 60 Hz, single-phase electric power using R290 hydrocarbon refrigerant with a bottom-mounted condenser and high performance compressor. Additional features include ventilated cooling, automatic defrost, self-closing doors with a 90° stay-open function, preinstalled heavy-duty casters with brakes, required certifications, and a 2-year parts and labor warranty with 6 years on the compressor.
