SPECIAL FEATURES

- Compact Kitchen Fit**
 The 30½" wide by 30" deep footprint allows placement in narrow kitchen runs without sacrificing meaningful cold storage space.
- Precise Temperature Control**
 Electronic temperature management holds the cabinet between 33–41°F, keeping fresh ingredients within safe holding ranges during a full service shift.
- Simple Electrical Setup**
 A standard NEMA 5-15P plug at 115V/60Hz single-phase means the unit connects to a common commercial kitchen outlet without additional wiring.
- Organized Cold Storage**
 Four epoxy-coated shelves across 18 cu ft of interior space let kitchen staff separate and rotate ingredients efficiently between restocks.
- Eco-Friendly Refrigerant**
 The R290 refrigerant has a low global warming potential, supporting commercial kitchens that need to align with current environmental operating standards.
- Certified for Food Service**
 ETL Listed and ETL Sanitation Listed certifications confirm the refrigerator meets recognized safety and sanitation requirements for commercial food-handling environments.

PRODUCT OVERVIEW

The Frigomax Series VBR600VW is a single-door upright ventilated chiller designed for commercial kitchens and restaurants that need reliable cold storage in a compact, space-conscious footprint.

At 30" (D) x 30½" (W) x 74⅞" (H), the unit fits comfortably in tight kitchen layouts while delivering 18 cubic feet of interior storage across four epoxy-coated shelves. The solid swing door in black coated steel keeps the cabinet well-insulated during busy service periods.

Temperature is managed electronically across a 33–41°F range, making the unit suited for general fresh food and ingredient storage on an active restaurant line. The R290 refrigerant operates on a ¼ HP compressor drawing 2.0 amps at 115V/60Hz, single-phase, and connects via a standard NEMA 5-15P plug for straightforward installation.

The Frigomax Series reach-in refrigerator carries ETL Listed and ETL Sanitation Listed certifications, confirming it meets established safety and food-handling standards for commercial kitchen use. A 1-year warranty is included with each unit.
