SPECIAL FEATURES

- High Capacity Storage**
The 40.9 cb3 capacity with 4 shelves supports large-scale food display in supermarket and bakery environments.
- Ventilated Airflow System**
Ventilated cooling with hot air flow at front and sides supports temperature distribution in display areas.
- Multi-Level LED Lighting**
LED lighting at top and under each shelf supports visibility for food merchandising.
- Vertical Display Format**
Vertical open air structure supports organized merchandising in commercial kitchen and retail layouts.
- Frosted Glass Shelving**
Frosted glass shelves support structured presentation of food items in retail display environments.
- Certified Unit**
cETLus Listed, ETL Sanitation Listed, and NSF Certified with a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ChillCore Series Vertical Merchandiser is designed for commercial kitchen, supermarket, and bakery display applications. It features a freestanding installation type with a vertical open air refrigerated design. The unit measures 72" (W) x 29" (D) x 79.9" (H).

The structure is built with powder coated steel and glass in a black finish. It includes mirror stainless steel 304 interior and tempered glass at 2 sides for visibility and durability. The unit is equipped with 4 adjustable shelves made of frosted glass for structured product display.

This unit offers a capacity of 40.9 cb3 and operates with ventilated cooling, hot air flow at front and 2 sides, and a bottom mounted compressor system. It uses R290 refrigerant support with automatic defrost and automatic condensate evaporation for refrigeration management.

The temperature range is 35.6°F to 50°F with a digital temperature controller and display. LED lighting is installed at the top and under each shelf. It includes a front curtain and operates on 220 V, 60 Hz with 11 A. The unit includes 4 casters with 2 brakes. It is cETLus Listed, ETL Sanitation Listed, and NSF Certified, and includes a 1-year warranty by the manufacturer.
