1 Year Warranty

SPECIAL FEATURES

- Open Grab-and-Go Access**
 The vertical air curtain design eliminates a door barrier, allowing customers and staff to reach refrigerated items without interruption in a busy commercial kitchen or retail setting.
- Bright Interior Visibility**
 LED interior cabinet lighting combined with under-shelf LED lighting keeps all shelf levels clearly illuminated, reducing the need for staff to assist customers in locating displayed items.
- Broad Temperature Control**
 A holding range of 30°F to 45°F covers a wide span of refrigerated food categories, from fresh produce to dairy and beverages, within a single unit.
- Standard Circuit Compatible**
 At 110V/60Hz and 14.4 amperes, this merchandiser connects to standard commercial kitchen electrical circuits without requiring dedicated high-voltage wiring.
- Certified for Commercial Use**
 ETL Listed, ETL Sanitation Listed, and DOE Compliant certifications confirm the unit meets recognized safety, sanitation, and energy efficiency requirements for commercial food service operations.
- Covered by Manufacturer Warranty**
 The included 1-year warranty provides a defined period of manufacturer coverage, supporting purchasing decisions for restaurant and food retail operations managing equipment budgets.

PRODUCT OVERVIEW

The Frigomax Series Vertical Air Curtain Merchandiser is a freestanding, European-style open multideck unit designed for commercial kitchens, grocery operations, convenience stores, and restaurant grab-and-go displays where refrigerated product visibility and accessibility are priorities.

With a 32.7 cubic foot interior capacity and a footprint of 31.5" (L) x 39.4" (W) x 78.7" (H), this unit offers generous vertical storage in a space-conscious floor plan. The open multideck air curtain cooling design maintains a temperature range of 30°F to 45°F, keeping perishables within safe holding temperatures without a physical door barrier supporting faster customer self-service in high-traffic food retail and commercial kitchen pass-through environments.

Interior LED cabinet lighting and under-shelf LED lighting illuminate displayed items clearly for staff and customers. The unit operates on 110V/60Hz, draws 14.4 amperes, and is rated at 870 watts, compatible with standard commercial kitchen circuits. R290 refrigerant aligns with current low-GWP standards. Leg levelers allow leveling on uneven surfaces in commercial kitchen and retail installations.

The Frigomax Series Air Curtain Merchandiser carries ETL Listed, ETL Sanitation Listed, and DOE Compliant certifications, meeting established safety, sanitation, and energy standards relevant to commercial food service and retail environments. A 1-year warranty is included with the unit.
