SPECIAL FEATURES

- ✓ Mega Top Rail**
 The mega top configuration holds up to 12 standard 1/6-size pans, keeping refrigerated ingredients accessible directly at the prep surface.
- ✓ Self-Closing Door**
 The single door is self-closing with a 90-degree stay-open feature, supporting one-handed operation during busy commercial kitchen service periods.
- ✓ Heavy-Duty Mobility**
 Four heavy-duty casters with brakes allow the unit to be repositioned across the kitchen floor and locked securely in place when needed.
- ✓ EC Fan Motor**
 The EC fan motor automatically stops when the door is opened, helping maintain stable cabinet temperatures during ingredient access.
- ✓ ETL Certified**
 This prep table carries both ETL Listed and ETL Sanitation Listed certifications, meeting recognized standards for commercial food-handling equipment.
- ✓ 1-Year Warranty**
 The Frigomax Series Mega Top Prep Table is backed by a 1-Year Warranty, covering the unit from the date of purchase.

PRODUCT OVERVIEW

The Frigomax Series Mega Top Sandwich and Salad Prep Table is a freestanding refrigerated prep station built for commercial kitchens, delis, sandwich shops, and restaurant prep lines where efficient cold food assembly is a daily requirement.

This unit measures 34"L x 29"W x 42 5/8"H, delivering 7.6 cu. ft. of interior storage. The mega top rail holds up to 12 standard 1/6-size pans, keeping ingredients organized at the prep surface. A self-closing door with a 90° stay-open feature grants easy access, supported by one adjustable epoxy-coated shelf. Interior temperatures hold 33°F–41°F, suitable for commercial refrigerated storage.

The unit operates on 115V/60Hz single-phase power, drawing 1.7 amperes, and connects via a standard NEMA 5-15P plug for straightforward installation. A 1/5 HP compressor powers the refrigeration system, which is managed through electronic controls. The EC fan motor is designed to stop operation when the door is open, helping to maintain consistent cabinet temperatures during access. Cutting boards and compatible pans are available separately to complement this prep setup.

The exterior and construction are finished in stainless steel with a silver appearance, supporting durability in high-use commercial kitchen environments. Four heavy-duty casters with brakes allow for repositioning and locking the unit in place on the floor. The Frigomax Series VSP29(M) carries ETL Listed and ETL Sanitation Listed certifications, and is backed by a 1-Year Warranty.
