SPECIAL FEATURES

- Temperature Control Range**
 The electronic control system operates within a temperature range of 33°F to 41°F, suitable for food handling in commercial kitchens.
- Pan Storage Capacity**
 The table supports a 1/3 size pan capacity of 9 pans for organized ingredient access during preparation.
- Mobile Installation**
 Four casters are included, supporting movement within restaurant and commercial kitchen layouts.
- Certified Construction**
 ETL listed and ETL sanitation listed certifications are included in the technical specifications for foodservice equipment use.
- Self-Closing Doors**
 The solid doors include a self-closing design with a 90-degree stay-open feature for structured kitchen workflow.
- Warranty Coverage**
 It includes a 1-year warranty by the manufacturer as listed in the specifications.

PRODUCT OVERVIEW

The ChillCore Series pizza prep table is designed for commercial kitchens that prepare pizzas and cold food items in restaurant operations. This pizza prep table is intended for freestanding installation and is used in food handling areas where refrigerated ingredient storage and preparation are required. It is built with a stainless steel exterior and interior in a silver finish, supporting use in commercial kitchen environments.

The unit offers a capacity of 16.9 cb3 and features two solid doors with a door-based access type. The doors include self-closing functionality with a 90-degree stay-open feature, supporting structured access during kitchen operations. The table includes rounded corners and recessed handles, aligning with standard commercial kitchen equipment layouts.

Temperature control is managed through an electronic control system with an LED display, supporting monitoring within the specified temperature range of 33°F to 41°F. The system operates on 115 V, 60 Hz, single-phase power, with a 1/3 HP compressor drawing 9.8 A. It uses R-290 refrigerant with a refrigerant capacity of 3.53 oz and supports auto defrost operation. The compressor design supports front / rear breathing installation.

The prep table supports a 1/3 size pan capacity of 9 pans and includes two adjustable shelves made of PVC-coated material. It is equipped with four casters for mobility and uses a magnetic door gasket for door closure. The unit measures 71" (W) x 31.25" (D) x 42.87" (H) and is classified as a pizza prep table. It is ETL listed and ETL sanitation listed and includes a 1-year warranty by the manufacturer.
