WARRANTY

2 Years Parts & Labor; 6 Years Compressor

SPECIAL FEATURES

- Maximum Storage Capacity**
 Accommodates up to 18 1/6-size pans under insulated hood with 12.9 cubic feet refrigerated base for extensive food storage capacity.
- Temperature Control**
 Maintains precise temperature range from 33°F to 41°F using eco-friendly R-290 refrigerant, ideal for food safety compliance.
- Mobile Design**
 Four swivel casters with brakes enable easy mobility and secure positioning in busy commercial kitchen environments.
- Durable Construction**
 Stainless steel construction with silver finish ensures long-lasting durability and professional appearance.
- Easy Installation**
 Includes 6.6 ft power cord with NEMA 5-15P plug for simple 115V connection and immediate setup.
- Professional Prep Space**
 Full-length 48-inch cutting board, 1/2 inch thick, provides ample workspace for efficient sandwich and food preparation.
- Extended Warranty Protection**
 Comprehensive 2-year parts and labor warranty with 6-year compressor coverage ensures long-term reliability and peace of mind.
- Safety Certified**
 ETL Safety and ETL Sanitation certified, guaranteeing compliance with commercial kitchen safety and hygiene standards.
- Organized Storage**
 Two solid swing doors and two epoxy-coated interior shelves provide organized, accessible storage solutions.
- Heat Resistant**
 Engineered to operate efficiently in ambient temperatures up to 100°F, maintaining performance in hot kitchen environments.

PRODUCT OVERVIEW

The 48-inch Mega Top Sandwich Prep Table is ideal for sandwich shops, delis, and commercial kitchens that need extra pan capacity with built-in cold storage. Made of stainless steel and finished in silver, it offers a 12.9 cubic feet refrigerated base with space for up to 18 1/6-size pans under a single insulated hood. The unit features a full-length 48-inch cutting board, 1/2 inch thick, designed for high-efficiency prep work.

It comes with two solid swing doors, two interior epoxy-coated shelves, and a base-style refrigerated cabinet. The side-mounted compressor uses eco-friendly R-290 refrigerant and supports a temperature range from 33°F to 41°F. It runs on 115V, 60 Hz, single-phase power with a 3.2 A draw and includes a 6.6 ft power cord with a NEMA 5-15P plug.

Designed with mobility in mind, the table includes four swivel casters with brakes. Its overall dimensions are 48" W x 33.9" D x 49" H. It's ETL Safety and ETL Sanitation certified, built to operate in ambient temperatures up to 100°F, and backed by a 2-year parts and labor warranty with 6-year compressor coverage.
