1 Year Warranty

SPECIAL FEATURES

- High Ice Production**
 Produces up to 320 pounds of full-size ice cubes daily, with consistent 0.9-inch cube dimensions perfect for commercial applications.
- Generous Storage Capacity**
 Built-in ice bin stores up to 80 pounds of ice, ensuring continuous supply during peak demand periods.
- Space-Efficient Design**
 Compact 26" x 27.4" x 37" footprint maximizes ice production while minimizing valuable floor space usage.
- Lifetime Support**
 Includes comprehensive warranty coverage with lifetime technical service support for long-term operational confidence.
- Professional Performance**
 60 Hz operation delivers reliable, consistent ice production suitable for high-demand commercial environments.
- Commercial Grade Quality**
 Constructed with durable stainless steel and professional-grade components, finished in silver for lasting performance in demanding environments.
- Self-Cleaning System**
 Automated cleaning functionality reduces maintenance time and ensures optimal hygiene standards with minimal staff effort.
- Effective Cooling System**
 Air-cooled condenser ensures reliable performance and consistent ice production in busy commercial settings.
- Replacement Parts Included**
 Comes with essential replacement components, minimizing downtime and maintaining continuous operation.
- Perfect Cube Size**
 Produces uniform 0.9-inch cubes ideal for commercial beverages and food service applications.

PRODUCT OVERVIEW

The IM280 Ice Machine with Bin is a commercial-grade ice maker designed to meet high-volume ice demands. Constructed from stainless steel and finished in silver, this unit produces up to 320 lb of full-size ice cubes per day, with each cube measuring 0.9" x 0.9" x 0.9".

A built-in ice bin provides up to 80 lb of storage capacity, making it suitable for continuous service in busy environments. The air-cooled condenser ensures effective operation, while the self-cleaning feature supports hygiene with reduced maintenance effort.

The unit operates at 60 Hz and measures 26 in W x 27.4 in D x 37 in H, delivering high output in a compact footprint.
