**WARRANTY**

**2 Year Warranty**

### SPECIAL FEATURES

- ✓ **Ample Storage Capacity**  
23 cu. ft. storage space with 4 PE-coated wire shelves supports up to 100 lbs. per shelf for organized bulk storage.
- ✓ **Energy-Efficient Cooling**  
Foamed-in-place polyurethane insulation and ECM fans help retain cold air while reducing energy consumption.
- ✓ **Secure and Convenient Access**  
Single solid right-hinged swing door with keyed lock and vacuum release combines safety and ease of use.
- ✓ **Smooth Mobility with Stability**  
Four 4-inch swivel casters with brakes allow easy movement and secure positioning during service.
- ✓ **Low-Maintenance Design**  
Automatic defrost function reduces manual cleaning and keeps performance consistent.
- ✓ **Maintains Optimal Temperature**  
Dixell electronic thermostat with LED display maintains precise temperatures down to -10°F for reliable food preservation.
- ✓ **Reliable, Powerful Operation**  
1/2 HP bottom-mounted compressor with forced air cooling ensures fast temperature recovery in busy kitchens.
- ✓ **Bright, Clear Visibility**  
Interior LED lighting ensures quick identification of stored items, even in dim kitchen environments.
- ✓ **Durable Construction**  
Stainless steel exterior resists corrosion and supports long-term commercial use.

## PRODUCT OVERVIEW

The Medal Equipment FZBM271 Reach-in Freezer is a high-performance commercial refrigeration unit, ideal for restaurant kitchens, hotel pantries, and catering operations. With durable stainless steel exterior and interior, it offers long-term corrosion resistance and easy cleaning. The unit's silver finish complements modern foodservice setups. Its single solid right-hinged swing door features a vacuum release and keyed lock for security and convenience.

With a generous 23 cubic feet of storage space, it has 4 PE-coated wire shelves (21.5" x 24.3") for organized food storage. The interior supports up to 100 lbs. per shelf, and the foamed-in-place polyurethane insulation enhances energy efficiency. The freezer is powered by a robust 1/2 HP bottom-mounted compressor and uses forced air cooling and ECM fans to maintain consistent temperatures. It operates on 115V, 60Hz, 1 phase with a NEMA 5-15P plug, drawing 8 amps.

The hydrocarbon R-290 refrigerant circulates through a copper evaporator and condenser, with a refrigerant capacity of 3.88 oz and cooling power of 2000 BTU/hr. Its Dixell electronic thermostat and digital LED display offer accurate control, maintaining temperatures as low as -10°F. The auto defrost function helps reduce maintenance needs. Other features include LED lighting for clear visibility, a rocker switch for easy operation, and a magnetic door gasket to maintain a tight seal.

This freestanding unit has four swivel casters (4-inch) with brakes. It measures 26.8" W x 32.7" D x 82.3" H (with casters). Its door opens 57.6" wide, offering easy access to stored goods. A 9-ft power cord allows flexible placement within busy kitchen layouts. With cETLus Listed, ETL Sanitation, and Energy Star certifications, this unit meets essential standards for food safety and performance. It includes a 2-year manufacturer warranty for consistent support.
