SPECIAL FEATURES

- 21 Cu. Ft.**
A 21 cubic foot interior provides ample frozen storage space for commercial kitchen operations with moderate to high freezer demand.
- Self-Closing Door**
The solid swing door features self-closing operation with a 90-degree stay-open function, supporting hands-free food handling during active service periods.
- ETL & ETL**
This unit carries both ETL Listed and ETL Sanitation Listed certifications, confirming it meets recognized safety and sanitation requirements for commercial food service environments.
- 0°F to -8°F**
The electronic temperature control maintains a consistent operating range of 0°F to -8°F, keeping frozen food items at food-safe temperatures.
- Adjustable Epoxy Shelves**
Three adjustable, epoxy-coated shelves offer durable, cleanable interior storage that adapts to different container heights and food storage configurations.
- 1-Year Warranty Coverage**
Each unit includes a 1-year warranty, providing documented coverage for commercial kitchen buyers after purchase.

PRODUCT OVERVIEW

The Frigomax Series 27" Reach-In Freezer is a single-section, single-door freezer suited for commercial kitchens, restaurants, and food service operations that require reliable below-zero frozen storage in a compact footprint.

This unit holds 21 cubic feet of storage capacity and maintains a temperature range of 0°F to -8°F, controlled by an electronic temperature control system. The solid swing door is right-hinged and features self-closing operation with a 90-degree stay-open feature, supporting workflow efficiency during food handling and prep. Three adjustable, epoxy-coated shelves allow flexible interior organization to accommodate varying container sizes and food storage requirements.

The bottom-mounted 1/3 HP compressor and energy-efficient EC fan motor contribute to consistent refrigeration performance. The unit is constructed from stainless steel in a silver finish and measures 32 1/16" (L) x 27" (W) x 83 1/4" (H), making it compatible with standard commercial kitchen layouts. Four casters with brakes are included for positioning flexibility and stability once placed. The keyed door lock and included locks and keys support controlled access to stored food items.

Operating on 115V/60Hz single-phase power with a 2.9-ampere draw and a NEMA 5-15P plug, this freestanding freezer connects to standard commercial kitchen electrical circuits without requiring special wiring. The unit is ETL Listed and ETL Sanitation Listed, meeting recognized food service safety and sanitation standards. A 1-year warranty is included with each unit.
