SPECIAL FEATURES

- USA Manufacturing**
 Proudly made in America construction using white galvanized steel suitable for commercial kitchen and food storage environments.
- Extended Storage Depth**
 79 in width and 157 in depth provides expanded cold storage layout for commercial kitchen operations.
- Energy Supply Setup**
 Operates on 208/230 V, 1 phase, 60 Hz electrical system suitable for commercial kitchen infrastructure.
- Thermal Insulation Build**
 4 in polyurethane insulation with R-28 thermal resistance supports cold storage environments.
- Self-Closing Door Design**
 Flush-mounted self-closing door supports consistent closure during kitchen workflow.
- Walk-In Storage System**
 Walk-in cooler design supports restaurant and commercial food handling storage requirements.
- Remote Refrigeration Setup**
 Remote refrigeration type with condensing unit and evaporator included for external cooling configuration.
- Certified Compliance**
 UL Listed US, NSF Listed, and DOE certifications align with commercial food service requirements.
- Controlled Access Door**
 Single solid swing door with keyed lock supports restricted entry in food storage areas.
- Warranty Coverage**
 Includes 10-year panel warranty, 1-year parts on doors, and 1-year compressor & parts on remote refrigeration unit.

PRODUCT OVERVIEW

The PolarBox Series walk-in cooler is a commercial refrigeration unit designed for restaurants, food storage facilities, and commercial kitchen environments. It is constructed from white galvanized steel and is proudly made in America, suitable for indoor and outdoor installation.

It features 79 in (W) x 157 in (D) x 87 in (H) dimensions with a 6 ft nominal width and 13 ft nominal depth layout, supporting structured cold storage in commercial kitchen and food handling operations.

The unit includes 4 in polyurethane insulation with R-28 thermal resistance for controlled storage conditions. It operates on 1 phase, 208/230 V, 60 Hz electrical supply with a hardwired plug connection.

It features a remote refrigeration system with condensing unit and evaporator included, using TXV/TEV valve type. The 77 in swing-style self-closing flush-mounted door includes a keyed lock for controlled access.
