- ✓ **Faster and Easier Serving**
Smooth glass sliding doors for quick access without losing cold air.
- ✓ **Consistent Temperature Control**
Mechanical thermostat maintaining -15°F to 8°F with R-290 refrigerant.

PRODUCT OVERVIEW

ChillCore Series ice cream dipping cabinet offers bright LED lighting, smooth glass sliding doors, and a strong precoated steel exterior designed for reliable daily use. Bright LED lighting illuminates the interior, showcasing your ice cream clearly and helping customers easily view available flavors. The unit includes smooth glass sliding doors that provide quick access while minimizing cold air loss, keeping product quality consistent throughout the day.

With a spacious 13 cu. ft. interior, the cabinet accommodates up to 14 tubs, making it suitable for busy ice cream shops, cafés, and dessert stations. A mechanical thermostat allows you to control temperatures between -15°F and 8°F, while the efficient R-290 refrigerant offers strong cooling performance with reduced environmental impact.

Powered by a self-contained 115V, 1-phase system and NEMA 5-15P plug, the cabinet delivers dependable operation without the need for additional setup. Heavy-duty casters—two with brakes and two without—provide easy mobility for cleaning or repositioning, while locking brakes ensure the unit stays securely in place.

Certified to UL and NSF standards, the cabinet includes a lock for added security and is backed by ChillCore Series 6 months warranty, offering one year on parts and two years on the compressor for peace of mind.
