SPECIAL FEATURES

- Multi-Burner Capacity**
 Six burners deliver 30,000 BTU each for simultaneous cooking in commercial kitchen operations.
- Integrated Oven Unit**
 Single oven with 33,000 BTU output supports baking and roasting tasks in restaurant kitchens.
- Stainless Steel Body**
 Welded stainless steel construction supports durability in commercial kitchen environments.
- High Output System**
 Total 213,000 BTU supports high-demand cooking environments in foodservice kitchens.
- LP Conversion Kit**
 Liquid propane configuration includes an LP conversion kit for installation flexibility.
- Certified Design**
 CSA Certified, cCSAus Listed, and CSA Sanitation Listed with a 1-year parts & labor warranty.

PRODUCT OVERVIEW

The ProKitchen Series Gas Range with Oven is designed for restaurants, catering operations, and commercial kitchen cooking stations. Constructed in stainless steel with a freestanding installation type, the unit measures 36" (W) x 32" (D) x 60.7" (H). The system operates on liquid propane gas with an included LP conversion kit and a 3/4" gas inlet group.

This gas range includes 6 burners with 30,000 BTU output each, supporting high-heat cooking in commercial kitchen environments. Cast iron grates sized 12" x 12" provide cookware support across the cooking surface.

The unit includes 1 standard oven with 33,000 BTU output. The oven interior measures 25.8" (W) x 22.4" (D) x 13.8" (H) and features porcelain-coated bottom and side guides. The oven temperature range is 200°F to 500°F with manual control and a static oven configuration.

Construction includes a welded frame, cool-to-the-touch front stainless steel deck, stainless steel back riser with lift-off shelf, aeration bowl, and full-width pull-out crumb tray. The unit is supported by 4 casters (2 with brakes and 2 without brakes). It is CSA Certified, cCSAus Listed, and CSA Sanitation Listed, and includes a 1-year parts & labor warranty.
