It is NSF Certified for compliance with commercial kitchen sanitation requirements.

✓ **Warranty Coverage**
It includes a 1-year warranty provided by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Spillage Water Pan with Cut Edge is a commercial kitchen steam table accessory designed for restaurants, hotels, and food service operations using steam table systems. It is constructed with aluminum material in a silver finish, supporting lightweight handling and standard food service usage in commercial kitchen environments.

The pan features a rectangular shape with full size (1/1 pan) configuration and is compatible with steam table systems used in commercial kitchen hot holding applications. It measures 20.8 in (L) x 12.7 in (W) x 6 in (D), supporting standard steam table layout integration.

The design includes a cut edge structure, supporting placement and handling within steam table setups. It is NSF Certified, indicating compliance with commercial kitchen sanitation standards for food service environments.

The unit is supplied as 1/Each and includes a 1-year warranty. It is designed for applications in restaurants, hotels, and commercial kitchens where steam table water spillage management is required.
