- ✓ **Warranty Coverage**
It includes a 1-year parts and labor warranty by the manufacturer.

PRODUCT OVERVIEW

The PrepMaster Series Meat Grinder Attachment is designed for commercial kitchen operators and foodservice establishments using compatible PrepMaster Series mixers. This meat grinder attachment supports preparation of burgers and sausages in restaurant and catering environments. It is built to fit M20E ETL, M30A ETL, and M30A 220ETL models.

Constructed from stainless steel, the attachment provides a solid structure suitable for routine food handling tasks. The silver finish aligns with standard commercial kitchen equipment. Its material composition supports hygiene-focused meat preparation areas.

The unit includes 1 star knife and 2 stainless steel grinding plates in 6 mm and 8 mm sizes. These plate sizes allow different grinding textures for burger patties and sausage preparation. All included components are made of stainless steel for consistency in food contact surfaces.

This attachment is sold as 1/each and is manufactured by PrepMaster Series. It includes a 1-year parts and labor warranty by the manufacturer. The design supports integration into compatible mixer systems used in restaurant kitchens.
