### SPECIAL FEATURES

- ✓ **High Output Rate**  
Produces 60+ cups per hour, supporting commercial kitchen beverage and food preparation needs.
- ✓ **Under Sink Design**  
Under sink installation supports space management in commercial kitchen setups.
- ✓ **Thermal Protection**  
Self-resetting thermal fuse supports operational safety in food handling environments.
- ✓ **Temperature Control**  
Manual dial temperature control supports adjustment within 140°F to 200°F range.
- ✓ **Integrated Faucet**  
Includes chrome hot-only faucet with single lever for structured water dispensing.
- ✓ **Warranty Coverage**  
It includes a 1-year warranty by the manufacturer, defining coverage for commercial kitchen use.

## PRODUCT OVERVIEW

The ChefPro Series Hot Water Dispenser is designed for commercial kitchen operations requiring a steady supply of hot water for beverage preparation and food handling. It features stainless steel construction with a silver finish, supporting structured use. The unit measures 12" (W) x 8" (D) x 9" (H), aligning with under sink installation in restaurant setups. It operates on 110 V electric power with a wattage of 1300 W.

This hot water dispenser has a capacity of 2.5 liters, supporting continuous hot water availability in commercial kitchen environments. It delivers an output of 60+ cups per hour, aligning with food service requirements. The unit operates within a temperature range of 140°F to 200°F, controlled by a manual dial for temperature adjustment.

The unit includes a chrome hot-only faucet with an open vent, single lever faucet type, supporting controlled dispensing. It features one programmed setting, aligning with simple operational use. The included faucet supports direct access to hot water in restaurant and beverage service areas.

This unit includes a self-resetting thermal fuse for thermal resistance, supporting operational safety. It is designed for under sink installation, aligning with space management in commercial kitchens. It includes a 1-year warranty by the manufacturer, defining coverage terms for commercial use.
