It features an open wire structure supporting airflow and visibility of stored items.
- ✓ **Adjustable Installation**
It includes adjustable height setup using (4) shelf split sleeves.
- ✓ **NSF Listed Standard**
It is NSF Listed for sanitation compliance in storage environments.

PRODUCT OVERVIEW

The ProKitchen Series Wire Shelf is a commercial-grade storage shelving unit designed for dry storage, garage, and personal storage applications. It is constructed with wire material in a silver finish with chrome plated and clear epoxy coating, supporting structured storage organization in utility and storage environments.

The shelf features an open wire shelf design that supports airflow around stored items. It measures 36 in (L) x 24 in (D) and is designed for adjustable height installation in shelving systems used across storage layouts.

It is suitable for dry storage applications, including garage and personal storage areas. The open wire structure supports ventilation and visibility of stored items in organized storage environments.

The unit supports a weight capacity of 600 lb per shelf and is supplied with (4) shelf split sleeves. It is NSF Listed, supplied as 1/Each, and includes a 1-year warranty for storage applications.
