WARRANTY

1 Year Warranty

SPECIAL FEATURES

- **Push Back Operation**
  Push back style supports controlled water dispensing in commercial kitchen and bar environments.
- **High Spout Clearance**
  12" spout clearance supports filling of taller glassware in restaurant settings.
- **NSF Certified Unit**
  NSF certification aligns with sanitation standards required in commercial kitchen use.
- **Standard Flow Rate**
  Flow rate of 1.2 GPM aligns with measured water usage in food handling operations.
- **Deck Mount Design**
  Deck mounted installation supports placement in commercial kitchen counters and bar stations.
- **Warranty Coverage**
  It includes a 1-year warranty by the manufacturer, defining coverage for commercial kitchen use.

PRODUCT OVERVIEW

The ChefPro Series Glass Filler / Water Station is designed for commercial kitchen and bar setups requiring efficient glass filling and water access. It features stainless steel construction with a silver finish, supporting structured food handling environments. The unit measures 12.68" (L) x 10.75" (W) x 1.75" (H), aligning with deck mounted installation. It includes a single faucet with a 1/2" water inlet size and NPT thread type for standard plumbing connection.

This unit is constructed with 18 gauge stainless steel, supporting durability in commercial kitchen use. It features a push back style operation, supporting controlled water flow during use. The flow rate is rated at 1.2 GPM, aligning with measured water dispensing requirements in restaurant and bar environments.

The glass filler includes a spout length of 3.87" with a 12" spout clearance, supporting placement of taller glassware. The faucet height is 13.62", aligning with structured filling operations. The bowl measures 10.18" (left to right) x 4.68" (front to back) x 1.75" (depth), with a 1 1/2" drain outlet size for water drainage.

This unit is NSF certified, aligning with sanitation standards required in commercial kitchen and beverage service areas. It includes the faucet within the unit and is designed for organized water dispensing. It includes a 1-year warranty by the manufacturer, defining coverage terms for commercial kitchen applications.
