WARRANTY

1 Year Parts & Labor

SPECIAL FEATURES

- High BTU Output**
 The unit operates with a total 151,000 BTU gas system suitable for commercial kitchen cooking and baking operations.
- LP Gas Compatibility**
 The system runs on liquid propane gas with an included LP conversion kit for installation flexibility.
- Certified Compliance**
 It is cETLus Listed, ETL Sanitation Listed, NSF certified, and ETL US & Canada compliant for commercial kitchen standards.
- Four Burner Layout**
 It includes 4 burners with 30,000 BTU each, supported by cast iron burner material and open lift-off burner type.
- Temperature Range Oven**
 The oven operates with a thermostat range from 250°F to 550°F with U-shape oven burner support.
- Warranty Coverage**
 It includes a 1-year warranty on parts and labor from the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Gas Range with Oven is a freestanding commercial kitchen cooking unit designed for restaurants, hotels, bakeries, and food service operations requiring high-output burners and oven-based cooking. It is built with stainless steel material in a silver finish and a welded frame construction, paired with a stainless steel oven door for structured commercial kitchen use. The system operates on liquid propane gas with a total output of 151,000 BTU.

The cooking section includes 4 burners, each rated at 30,000 BTU, supported by cast iron burner material and cast iron 12" x 12" grates. It features open lift-off burners with manual control type, along with removable grates and grate-style burner design for routine food preparation in commercial kitchen environments.

The oven section operates at 31,000 BTU using a U-shape oven burner and supports a thermostat temperature range from 250°F to 550°F. The oven interior measures 20.5 in (W) x 26 in (D) x 13.9 in (H), with 2 oven racks and a pull-out crumb tray with angled handle front for internal cleaning and food debris handling during baking operations.

The unit measures 24 in (W) x 32.6 in (D) x 60 in (H) and weighs 291 lb. It includes 4 casters (2 with brakes and 2 without brakes) for installation flexibility. It features a thermal coupling safety valve, standby stainless steel pilot, and anti-clogging pilot cover. An LP conversion kit is included for gas configuration adjustment. It comes with a 1-year warranty on parts and labor.
