WARRANTY

10-Year Panel, 1 Year
Door Parts

SPECIAL FEATURES

- ✓ **Durable Construction**
24-gauge white galvanized steel provides long-lasting strength and corrosion resistance.

✓ **Secure Access**
Solid swing door with a keyed lock, self-closing, and flush-mounted design provides controlled entry and protects stored items.

✓ **Eco-Friendly Material**
CFC and HFC-free insulation supports environmentally safe operation.

✓ **Certified Safety**
UL Listed US, NSF Listed, and DOE compliant for safety, hygiene, and energy standards.
- ✓ **High Thermal Efficiency**
4-inch polyurethane insulation with R-28 thermal resistance maintains consistent internal temperature.

✓ **Tight Panel Fit**
Modular cam-lock and tongue & groove design create a well-sealed and stable structure.

✓ **Reliable Power**
Hardwired plug type provides stable electrical connection for continuous operation.

✓ **Extended Warranty Protection**
10-year panel and 1-year parts warranty on doors provide long-term coverage.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler Box is an American-made refrigeration unit ideal for commercial cold storage applications. Constructed with 24-gauge white galvanized steel, it delivers structural strength and corrosion resistance. The 4-inch polyurethane insulation with R-28 thermal resistance maintains stable internal temperatures, while the floor provides durability and easy cleaning for daily operational use in high-demand storage environments.

This cooler box features a solid swing door with a keyed lock and a self-closing, flush-mounted design for secure, efficient access. The modular cam-lock and tongue & groove panel system creates a tight seal to reduce air leakage and maintain consistent cooling. With nominal dimensions of 10 ft (W) x 10 ft (D) x 7 ft (H) and a door height of 77 inches, it offers ample storage capacity while enabling convenient handling of stored items.

This commercial walk-in cooler box is built with CFC and HFC-free insulation materials for environmentally conscious operation. Certified UL Listed US, NSF Listed, and DOE compliant, it meets key safety and energy standards. Hardwired for reliable electrical connection, it comes with a 10-year panel warranty and 1-year parts warranty on doors, providing long-lasting performance and durability.
