- ✔ **Perfect for High-Footfall Locations**
 Ideal for plazas, corporate districts, campuses, fitness centers, events, festivals, health expos, beach locations, tourist areas, and catering.
- ✔ **Powerful Professional Equipment Ready**
 Supports high-speed blenders, juicers, refrigeration, topping stations, and ice storage.

PRODUCT OVERVIEW

The Vitality Bar™ 14 FT Juice & Smoothie Trailer is designed for entrepreneurs looking to launch a health-focused beverage business with confidence. It eliminates challenges such as unreliable fabrication, incorrect layouts, and health code complications by providing a fully equipped, ready-to-operate mobile trailer.

This trailer supports high-power blenders, commercial juicers, refrigerated storage, prep counters, topping stations, sinks, plumbing, and electrical integration. Its layout is engineered for fast-paced drink preparation, ensuring smooth workflow and efficient product output even during peak business hours.

Constructed with commercial-grade materials, reinforced flooring, and food-safe interior finishes, the trailer is built for real-world operation. It performs reliably at events, outdoor markets, city streets, health expos, college campuses, tourist spots, or permanent parking locations, providing consistent daily performance.

Includes: Undercounter fridge and ingredient storage, stainless steel food prep counters, hand sink, 3-compartment sink, fresh water and waste water tanks, and non-slip commercial flooring.
