SPECIAL FEATURES

- ✓ **Refrigerated Beverage Service**
The unit maintains beverages within a temperature range of 37.4°F to 46.4°F using digital temperature controls.
- ✓ **Pump Spray Dispensing**
The pump spray dispensing system and stainless steel tap lever support beverage service in commercial kitchens and cafes.
- ✓ **Certified Equipment**
NSF and ETL Standards certifications are included for commercial foodservice applications.
- ✓ **Stirring System Design**
The integrated stirring system supports beverage circulation inside the 3.2-gallon bowl.
- ✓ **Stainless Steel Components**
The 304 stainless steel chassis, panels, and evaporator are incorporated into the dispenser construction.
- ✓ **Warranty Coverage**
It includes a 1-year parts and labor warranty and a 5-year compressor warranty by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Refrigerated Beverage Dispenser with Stirring System is designed for commercial kitchens, cafes, beverage stations, and foodservice operations. It features a 3 gal capacity with one bowl holding up to 3.2 gal. The unit is constructed with stainless steel and polycarbonate materials and measures 9" (L) x 16.9" (W) x 25.2" (H). A stirring system is incorporated for beverage circulation within the bowl.

The ProKitchen Series Refrigerated Beverage Dispenser with Stirring System operates within a temperature range of 37.4°F to 46.4°F using digital temperature controls. It utilizes R134a refrigerant and a hermetic compressor designed for middle or high back pressure applications. The unit operates on 115 V, 4.6 A, 60 Hz, single-phase power with a 413 W rating and includes a NEMA 5-15P plug with a 6 ft power cord.

The ProKitchen Series Refrigerated Beverage Dispenser features a pump spray dispensing system and a stainless steel tap lever for beverage service. The dispenser provides approximately 34 servings based on 12 oz portions. A 304 stainless steel chassis, panels, and evaporator are incorporated into the construction. The unit is designed with a low-noise operation level of less than 55 dB.

The ProKitchen Series Refrigerated Beverage Dispenser includes NSF and ETL Standards certifications for commercial foodservice applications. The silver, white, and clear finish supports beverage visibility during service. The dispenser includes a 1-year parts and labor warranty and a 5-year compressor warranty by the manufacturer. Its compact footprint is suitable for beverage stations, cafes, and restaurant counters.
