- ✓ Cooling System**
 Uses R290 refrigerant with adjustable defrost frequency and a 1/2 HP system for operation.
- ✓ Warranty & Certification**
 ETL Sanitation Listed, cETLus Listed, and it includes a 1-year limited warranty by the manufacturer.

PRODUCT OVERVIEW

The IceVault Series reach-in refrigerator is designed for commercial kitchens handling chilled storage in foodservice operations. It features stainless steel and aluminum construction with a silver finish, along with a stainless steel interior for structured storage. The unit measures 32.2" (D) x 54" (W) x 82.5" (H) and provides a capacity of 41 cb3 across 2 sections with 2 glass swing doors and recessed handles.

This unit includes 6 adjustable shelves made of heavy-duty PVC-coated steel, supporting organized storage layouts. The temperature range operates between 33°F to 40°F, controlled through an adjustable digital control system. It runs on 115 V, 60 Hz, single phase power with a NEMA 5-15P plug, drawing 4.9 A with a 1/2 HP system using R290 refrigerant and adjustable defrost frequency.

The refrigerator includes self-closing doors, lock and key, and easy access to the condenser coil for maintenance access. It is mounted on 4 casters with brakes for positioning. Certifications include ETL Sanitation and cETLus listings. Shipping dimensions are 34.6" (D) x 56.5" (W) x 84.4" (H) with a shipping weight of 531 lb. It includes a 1-year warranty by the manufacturer and is listed in scratch and dent condition.

Condition: Unit is scratch and dent on the left and right side. No pallet, no packaging.
