SPECIAL FEATURES

- ✓ Ribbed Plates**
 Ribbed plates on all sides provide even grilling for paninis, sandwiches, and wraps in commercial kitchens.
- ✓ Large Cooking Surface**
 The 10" x 20" cooking area accommodates multiple items simultaneously, improving efficiency in high-volume foodservice operations.
- ✓ Grease Management**
 The front-mounted grease drawer collects excess oils and crumbs, helping maintain a cleaner workspace in restaurants.
- ✓ Dual Thermostats**
 Two adjustable thermostats allow independent temperature control, supporting consistent cooking across multiple menu items.
- ✓ Dual Heating Elements**
 Equipped with dual heating elements, it provides rapid and uniform heating across both plates for consistent cooking results.
- ✓ Certified and Covered**
 The cETLus listing indicates compliance with safety standards, and it includes a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The PrepMaster Series Commercial Electric Panini Grill is designed for chefs and foodservice teams in commercial kitchens. It features ribbed plates on all sides made of stainless steel and ceramic-coated cast iron, ideal for grilling paninis, sandwiches, wraps, and toasted bread. The 10" x 20" cooking surface accommodates multiple items at once.

Operating at 3000 W and 208–240 V with a 15.7 A plug type (NEMA 6-20P), the grill includes dual heating elements and two adjustable thermostats with variable control, supporting precise cooking up to 572°F.

This double panini grill has self-balancing upper plates to adjust to different sandwich thicknesses and a front-mounted grease drawer that collects excess oils and crumbs, maintaining cleanliness in busy commercial kitchens.

Finished in silver and black, the unit measures 17.5" (L) x 20.5" (W) x 9.5" (H) and weighs 62 lb. It includes a 1-year warranty by the manufacturer and is cETLus listed, reflecting compliance with safety and hygiene standards in commercial foodservice environments.
