SPECIAL FEATURES

- ✓ **Efficient Heating Output**
Delivers a total of 60,000 BTU/hr through 2 burners, supporting consistent cooking in commercial kitchens.

✓ **Durable Material Construction**
Built with stainless steel and galvanized steel, supporting long-term use in commercial environments.

✓ **Thick Cooking Plate**
5/8" smooth stainless steel plate supports heat retention for steady cooking performance.

✓ **Integrated Functional Features**
Includes standby pilot and large oil collector at the bottom for grease management.

✓ **Certified for Commercial Use**
ETL Sanitation Listed, cETLus Listed, and NSF Approved, meeting food safety standards.
- ✓ **Uniform Heat Distribution**
U-shaped burners (30,000 BTU/hr each) provide even heat across the griddle surface.

✓ **Compact Countertop Design**
24" width supports space-saving installation for kitchens with limited prep areas.

✓ **Flexible Gas Compatibility**
Supports Natural Gas and Liquid Propane, allowing use across different kitchen setups.

✓ **User-Friendly Controls**
Manual control system with zinc alloy knobs supports simple operation during busy hours.

✓ **Warranty Coverage**
Includes a 2-year parts and labor warranty, supporting service planning and maintenance.

PRODUCT OVERVIEW

The Platinum Flame Series gas griddle is a countertop cooking surface designed for commercial kitchens, food trucks, hotel restaurants, and outdoor festival setups using gas equipment. It operates on natural gas or liquid propane and features a smooth stainless steel plate for flat-top cooking tasks.

This gas griddle includes two U-shaped steel burners delivering a total output of 60,000 BTU, with 30,000 BTU per burner. Manual controls with zinc alloy chrome-coated knobs allow direct burner adjustment during service.

The unit is built with stainless steel and galvanized steel in a silver finish and installs as a countertop appliance. It measures 23.8" (W) x 25.2" (D) x 15.4" (H) and includes adjustable heavy-duty stainless steel legs for placement.

Additional features include a standby pilot system, a large bottom oil collector, and 3-inch splash guards to support food handling. It is ETL sanitation listed, cETLus listed, NSF approved, and includes a 2-year parts and labor warranty.
