WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- ✓ **Dual Temperature Storage**
Includes a 5 ft cooler section and a 3 ft freezer section in a walk in cooler and freezer, supporting food storage and handling for commercial kitchens.

✓ **Thermal Insulation**
Four-inch polyurethane panels deliver R-28 thermal resistance for the cooler and R-33 for the freezer, maintaining stable storage temperatures.

✓ **Top-Mounted Refrigeration**
Condensing unit and evaporator mounted on top allow consistent cooling and freezing in commercial kitchen environments.

✓ **Warranty Coverage**
10-year panel, 1-year door parts, 2-year compressor and parts, and 1-year labor coverage provide structured service support.
- ✓ **Durable Construction**
24-gauge white galvanized steel panels provide long-lasting durability in restaurants and foodservice operations.

✓ **Secure Doors**
Solid swing doors with keyed locks, self-closing hinges, and flush-mounted design provide controlled access for commercial food handling areas.

✓ **Certified Compliance**
UL Listed (US), NSF Listed, and DOE certified for commercial kitchen standards.

PRODUCT OVERVIEW

The PolarBox Series Walk in Cooler and Freezer is designed for commercial kitchens, restaurants, and foodservice operations that require both chilled and frozen storage in a single unit. It is constructed with 24-gauge white galvanized steel, offering strength and durability for daily use in commercial kitchen environments. The modular cam-lock, tongue-and-groove design allows for secure panel assembly and alignment.

The unit measures 8 ft (L) x 6 ft (W) x 7 ft (H), with a 5 ft cooler section and a 3 ft freezer section. Solid swing doors, 77 in in height, include keyed locks for controlled access, while freezer doors feature heating wire and a pressure relief vent. Insulation consists of 4-inch polyurethane panels, providing thermal resistance rated R-28 for the cooler and R-33 for the freezer.

Refrigeration is top-mounted and includes a condensing unit and evaporator operating on 208/230 V, 60 Hz, single-phase power with R-448A refrigerant. The walk in cooler and freezer is suitable for indoor or outdoor installation, includes a reinforced floor, and is CFC and HFC free. It is certified UL Listed (US), NSF Listed, and DOE compliant.

Walk in Cooler and Freezer with Local Availability and Warranty

This walk in cooler and freezer setup offers both refrigerated and frozen storage in one footprint and comes with a 10-year panel warranty, 1-year door parts warranty, 2-year compressor and parts warranty, and 1-year labor coverage on the refrigeration unit. For operators searching for a walk in cooler near me, this unit is compatible with commercial kitchen environments and restaurant applications
