SPECIAL FEATURES

- High Ice Capacity**
 Produces up to 420 lb of half cube ice every 24 hours and includes a 275 lb storage bin for restaurant beverage service.
- Automatic Bin Shut-Off**
 The automatic bin shut-off feature is incorporated into the ice storage system design.
- Flexible Installation**
 The freestanding unit includes 6-inch adjustable leveling feet and a 92-inch power cord for installation requirements.
- Digital Monitoring**
 Digital controls and a digital display provide operational information for chefs and commercial kitchen staff.
- Self-Clean Function**
 A self-clean system supports routine cleaning procedures in foodservice and hospitality environments.
- Certified Coverage**
 The ice machine is certified to cETLus, ETL Sanitation, and NSF standards and includes a 1-year parts and labor warranty by the manufacturer with a 5-year compressor warranty.

PRODUCT OVERVIEW

The ProKitchen Series Air Cooled Modular Ice Machine with Bin is designed for restaurants, bars, cafés, and commercial kitchens requiring ice production and storage. It produces up to 420 lb of half cube ice every 24 hours and includes a 275 lb storage bin. The unit features stainless steel construction, an air-cooled condenser, and R290 refrigerant. Its dimensions are 23.4" (W) x 32.6" (D) x 67.3" (H).

The ProKitchen Series Air Cooled Modular Ice Machine with Bin operates on 115 V, single-phase power at 60 Hz with a wattage rating of 637 W. It uses a NEMA 5-15P plug and includes a 92-inch power cord. Digital controls and a digital display provide operational information. The freestanding design is equipped with 6-inch adjustable leveling feet for installation.

The ProKitchen Series Air Cooled Modular Ice Machine with Bin features a self-clean system, adjustable ice thickness settings, and automatic bin shut-off. The insulated storage bin has a capacity of 275 lb and incorporates foamed-in-place polyurethane insulation. Included accessories consist of an ice scoop, water hose, and drain hose for setup and daily use.

The ProKitchen Series Air Cooled Modular Ice Machine with Bin operates within an ambient temperature range of 41°F to 100°F and includes a 0.75-inch water inlet connection. The unit produces half cube ice and is certified to cETLus, ETL Sanitation, and NSF standards. It includes a 1-year parts and labor warranty by the manufacturer and a 5-year compressor warranty.
